Desktop Development: JavaFX, Swing, .NET, ASP.NET

Business Applications: ERP, POS, Inventory, Billing, Sales & Business Management Systems

API & Testing: Postman, REST API Testing

Reporting: JasperReports, Crystal Reports

IT & Infrastructure: Windows, LAN/WAN, TCP/IP, Wi-Fi, TeamViewer, AnyDesk

Enterprise Systems: SAP, Microsoft Office 365

Hardware Integration: Barcode Scanners, Thermal Printers, POS Peripherals, PC Assembly & Troubleshooting

PROFESSIONAL EXPERIENCE

IT SUPPORT TECHNICIAN / SOFTWARE & HARDWARE SPECIALIST

UCC Power International Holding, Riyadh, Saudi Arabia Nov 2024 – Jan 2026

- Provided Level 1/2 IT support for computers, servers, printers, and business applications.
- Managed LAN/WAN, Wi-Fi, VPN, system updates, antivirus, backups, and security patching.
- Supported SAP operations, including SMR, Post GR, MRF/PR creation, workflow approvals, and warehouse stock management.
- Managed IT assets, procurement, documentation, and user support.

JUNIOR SOFTWARE DEVELOPER

InforTech Solution, Negombo, Sri Lanka Aug 2021 – Oct 2024

- Developed ERP and POS desktop applications using JavaFX, Swing, and C#, with barcode scanner and thermal printer integration.
- Built database-driven web interfaces using HTML, CSS, JavaScript, MySQL, and Microsoft SQL Server.
- Developed and maintained business applications, billing workflows, and inventory-related features.
- Created operational reports using JasperReports and Crystal Reports.
- Performed application debugging, troubleshooting, testing, and production support.

IT SUPPORT TECHNICIAN / TECHNICAL SUPPORT ANALYST

DIGI Bytes Computer, Chilaw, Sri Lanka Feb 2019 – Mar 2021

- Installed, configured, and troubleshot Windows, macOS, and Linux systems and applications.
- Provided remote and on-site technical support using RDP, TeamViewer, AnyDesk, and UltraViewer.
- Configured and troubleshot LAN/WAN networks, routers, switches, TCP/IP, and Wi-Fi.
- Diagnosed hardware issues, assembled PCs, performed BIOS updates, and configured printers and peripherals.

EDUCATION

- **BSc (Hons) in Software Engineering – Top-Up**
Preparing for Next Intake
- **BTEC Higher National Diploma in Computer & System Development**
ESOFT Metro Campus — **Completed 2019**
- **Diploma in Windows Network Administration**
BCAS — **Completed 2017**
- **Diploma in English, Business & Technology**
International Campus (UK-affiliated) — **Completed 2015**

PROJECTS

- **Advanced Restaurant POS System** — React.js, Node.js, Express.js, MySQL
Full-stack restaurant POS system with order management, billing, payments, inventory, kitchen workflow, and receipt printing. Developed with AI-assisted coding and development support.
- **Retail POS System** — React.js, Node.js, Express.js, MySQL
Web-based POS system for sales, products, customers, inventory, and billing management. Developed with AI-assisted coding and development support.
- **Jewellery Inventory & Billing System** — Java, JavaFX, MySQL
Inventory management, billing, barcode tagging, gold weight calculations, and reporting.
- **Money Exchange & Currency Management System** — Java, MySQL
Currency stock management, exchange transactions, billing, and financial reporting.
- **Gold Testing & Billing System** — Java, Swing
Billing system with image capture, printing, and automated calculations.
- **Mobile Shop Inventory System** — C#
Inventory and stock management with reporting features for mobile retail.
- **Personal Portfolio Website** — HTML, CSS, JavaScript
Responsive portfolio website showcasing skills, projects, and experience.
- **Web Calculator & Weather Application** — HTML, CSS, JavaScript
Interactive web applications with responsive interfaces and dynamic functionality.
